RELATIVE EXPERIENCE

KFUPM Qassimha Project   Sep 2024 - Present
- **Software Requirements Engineer, Software Design Contributor**
- **Software Analyst & Documentation Specialist**
- **Requirements Engineer – UI/UX Reviewer**

Contributed to developing Qassiha, a financial management application tailored for the MENA region. The app enables friends, families, and roommates to track shared expenses and settle payments seamlessly through local banking integrations. My role focused on documenting software requirements, defining system architecture, and ensuring an intuitive user experience aligned with regional needs.

KFUPM Communities Project (Website Development)   March 2024 - Oct 2024
Full Stack Developer

As part of a collaborative effort, conceptualized, designed, and developed "KFUPM Communities," a dynamic online platform tailored for students at King Fahd University of Petroleum and Minerals (KFUPM). The platform provides a space for students to engage with peers within their respective majors, facilitating the exchange of information, experiences, and insights.
